

# Savannah Pride Association Inc.

30 Second Avenue, Blacktown NSW 2148.

Founded 2006

*Inspiring youth through sports, education and community.*

## **Savannah Pride COVID-19 Precautions Notice.**

Our club has been working with our local partners CBBA and PCYC to seek further consultation in regards to local Blacktown competition and as well as club training. The updates as follows provides information for your club members in response to COVID – 19.

### **Blacktown City Basketball Local Competition**

On recommendations from Basketball NSW and Basketball Australia, the CBBA has suspended basketball games until further notice, including all local Domestic Competitions to protect the safety and well-being of our basketball community. We will provide updates as we receive them from CBBA and BNSW.

### **Club Training Sessions & Homework Program at PCYC**

As a club, we understand the need to balance the health and safety of our basketball community along with the need to continue to engage our youth through the programs our club provides. We have been working with PCYC to implement processes that will enable the club, in the meantime, to mitigate interruptions to our program for this week and we will closely monitor the situation accordingly.

### **The measures we have implemented are:**

- Increased cleaning procedures at PCYC Clubs
- Hand Sanitizers at the front desk to be use by all entrants to the PCYC facilities
- Signage at the front entry highlighting COVID-19 awareness with more PCYC staff at front-desk to promote health awareness
- Making sure those that do feels well do not enter the facilities
- Members of our club that have elderly grandparents living at home may choose or be advised to stay home until further notice.

We hope some measures that we have put in place will give peace of mind to our players and parents. We all care and are doing everything with precautions to continue with our programs, but if parents or guardians wish to keep their child at home we understand, and we would ask parents to advise us via email or through our Facebook page to be aware and stay in contact.

### **Best Wishes**
